Subject: Re-inspection Notification

In compliance with the US Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), we performed asbestos re-inspections of each of our school buildings for asbestos containing building materials. The inspection findings are in the asbestos management plan and are on file in the school administrative office.

The EPA requires us to perform re-inspections of the asbestos materials every three years. Six-month inspections are performed during the school year.

All asbestos material in the school remains in good condition and we will continue to manage them in place as recommended by EPA guidelines.

You are welcome to view these materials anytime during normal school hours (Monday through Friday, 7:00 a.m. to 3:00 p.m.). The Asbestos LEA Designee is available to answer any questions you might have about asbestos in our buildings; the phone number is 846-7135.
